

## MEETING MINUTES

### WATERSMEET TOWNSHIP ROADWAY COMMITTEE

APRIL 25, 2025

1:00 PM

Roll call: Joe Lomastro, Chris Wegner, Bob Wheeler, Al Ison present, Jim Williams absent

Others present: Mr. Kevin Trevillian from Coleman Engineering, Mr. & Mrs. Rob Brost, Stacy Blank, Jerry Eich

Meeting called to order by Chairman Lomastro at 1:03 PM

Minutes of June 27 & December 16, 2024. Motion by Bob, seconded by Chris, to approve minutes. All were in favor.

Public comments: Rob Brost inquired about possibility of creating a special assessment district to fund the repaving of Fish Hawk Lk Rd. Committee advised that, while possible, it would require Township, GCRC, and possibly others to create a SAD.

West Duck Lk Rd resident Stacy Blank expressed concern of the condition of her road, specifically excessive wash boarding and corduroy road logs poking up at the north end of road. GCRC will take a look.

Birch Lake resident Jerry Eich inquired about improving Birch Lk Rd, and whether chip sealing is possible or return – to- gravel would be a better fix. Will have to be discussed with GCRC.

APPEARANCE: Kevin Trevillian, of Coleman Engineering, outlined his proposal to develop a five-year Township Road improvement plan, which would include the following: Look at needed infrastructure improvements, create a database using the PASER rating system, determine type of fix for various roads, and possibly develop a crack filling program. Plan development would be about a 3-month process, and cost would not exceed \$5,000. Proposal will be presented to the Township Board for final approval.

Motion to adjourn the meeting at 2:30 PM made by Al, seconded by Bob. All were in favor.

Respectfully submitted,

Chris Wegner
