

HELP US PLAN FOR Future Shopping and Service Options IN THE WATERSMEET AREA

You'll answer questions about:

- How often you visit or shop in the area
- What goods and services you shop for most often
- How satisfied you are with what is currently available
- What types of goods or services are most needed in the community

Your feedback will help with future planning decisions and show what retail and service options matter most to you and your community.

10-minute survey

Community members are invited to participate in a short survey from the Lac Vieux Desert Band of Lake Superior Chippewa Indians about shopping and service needs in and around Watersmeet.
